EMEX, LLC is a company that runs sophisticated on-line reverse auctions for electric supply for a large number of public entities both in the State of NJ and elsewhere in the US. This procurement strategy is approved by state law and has been proven to be a successful process. If we see advantageous rates bid that are below the above “trigger prices”, the Township can lock in savings. These rates will not be effective until June 2022 when the current EMEX contract ends.
